

Collier Street United Church Accessibility Policy

1. Our Mission

The Mission of Collier Street United Church is to serve God through our witness to Jesus Christ. It is our purpose to proclaim the good news of the Gospel, to teach the truth in love, to provide a place where friendships can be built through Christian fellowship, to encourage and enable people to grow in their faith and commitment to Jesus Christ, and to help them become the people God would have them be.

2. Our Commitment

In fulfilling our mission, Collier Street United Church is committed to providing people with disabilities the same opportunity to access and benefit from our programs, goods and services with dignity and independence, in the same place, and in a similar way, as all other participants.

3. Providing Programs, Goods and Services to People with Disabilities

Collier Street United Church is committed to excellence in serving all participants. We will carry out our functions and responsibilities in the following areas:

3.1 Communication

We will communicate with people with disabilities with sensitivity and consideration for their disability.

We will provide publications in formats that are accessible for people with disabilities.

We will train staff, volunteers and other service suppliers to interact and communicate with people with various types of disabilities.

3.2 Telephone Services

We will endeavour to provide telephone service in an accessible manner.

We will train staff/volunteers to communicate with participants over the telephone in clear and plain language; to speak clearly and slowly; and to use communication features such as volume control.

We will offer to communicate with participants by other means if telephone communication is not suitable or is not available.

3.3 Assistive Devices

We are committed to serving people who use assistive devices to participate in and benefit from our programs, goods and services.

We will ensure that people are permitted to use their own personal assistive devices to access the sanctuary for worship and other applicable programs, goods and services.

We will familiarize staff/volunteers and other service providers with the various assistive devices that may be used by participants with disabilities while accessing our programs, goods and services.

Staff/volunteers and other service providers will be trained in the use of the assistive devices available on our premises.

Upon request from a member of our congregation for an assistive device not presently available, we will endeavour to respond in a considered and reasonable manner recognizing that final approval will be required from the Official Board.

3.4 Accessibility Committee

We are committed to establishing an Accessibility Committee to oversee all issues relating to accessibility in consultation with the Official Board.

The Accessibility Committee membership will be comprised of a cross section of congregants including those with disabilities and Official Board members as well as staff. The Committee shall have a minimum of 5 and a maximum of 9 members. The Chair will be chosen from the Committee members.

The Accessibility Committee will have the following role:

The Committee will establish policies on providing accessible programs, goods and services to participants with disabilities that are in compliance with the Accessibility Standards for Customer Service, Ontario Regulation 429/07.

The Committee will monitor our programs, goods and services to ensure that practices and procedures are consistent with our governing policies.

The Committee will coordinate accessibility training and training materials for all relevant staff, volunteers and other service suppliers.

The Committee will ensure that assistive devices provided by our church are in good working order. Requests for other or additional assistive devices will be considered, pending approval from the Official Board.

The Committee will be responsible for developing feedback procedures, reviewing feedback on accessibility and responding to any complaints, concerns or requests.

The Committee will provide guidance and direction within Collier Street United Church on subsequent AODA standard issuance

4. Use of Service Animals and Support Persons

We are committed to welcoming people who are accompanied by a service animal on those parts of our premises that are open to the public and other service suppliers.

We will ensure that all staff, volunteers and other service suppliers are trained on how to interact with people who are accompanied by a service animal.

We are committed to welcoming people who are accompanied by a support person. Any person with a disability who is accompanied by a support person will be welcomed into Collier Street United Church premises with his or her support person.

Appropriate fees will be charged for support persons accompanying a participant to applicable services or programs.

5. Notice of Temporary Disruption

Collier Street United Church will provide participants with notice in an appropriate manner in the event of a planned or unexpected disruption in the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, the anticipated duration, and a description of alternative facilities or services, if available.

6. Training for Staff and Volunteers

Collier Street United Church's Accessibility Committee will coordinate training for all employees, volunteers and other service suppliers, and all those who are involved in the development and approval of accessibility policies, practices and procedures.

7. Feedback Process

The ultimate goal of Collier Street United Church is to ensure the needs of all "customers" are met including participants with disabilities.
